FINISH SELECTOR

FINISHES

Color, texture, pattern and sophisticated tailoring combine to exceed your expectations. Sound Concepts understands the art of applying coatings, fabrics and vinyls to ceiling and wall panels and stands ready to collaborate for a successful project. Two of our unique acoustically transparent finishes are featured below

EUROMAT

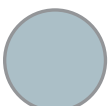

A proprietary acoustically transparent, flat latex coating that gives our products the look of a level 5 drywall finish with a very fine texture. EUROMAT also provides you with the opportunity to color match the colorway on your project or select from a standard color pallet
